5. **COLLEGE INPUT**

5A. **President’s Report** – President Bailey reported that the special session should be coming out with both an operating and capital budget within the next week. There seems to be good support for education, including a jobs bill that would encourage more capital projects—including the LCC Health and Science Building—as well as roughly $500-$700,000 worth of equipment for vocational and health programs. The vice presidents reported on a few key issues:
- The new statewide deadline for students to submit their FAFSA (financial aid paperwork) is March 15th
- The Fitness Center user group wrapped up their meetings; the architect will now work up cost estimates and should have that information available in a couple of weeks
- The remodel of the Admissions Center in on schedule

6. **INSTITUTIONAL MONITORING**

6B. **Bi-Annual Head Start Report** – Sandy Junker, Suzanne Johnson and Paul Youmans provided an in-depth update of the Head Start/EHS/ECEAP programs. Before beginning the presentation, Sandy introduced James McBride, Head Start National Father of the Year, and the LCC Transforming Lives nominee. James thanked the Board for his nomination and said he was on his way to Olympia to lobby in support of the Head Start program.
Sandy reported that self-assessment activities for Head Start and Early Head Start were completed and will be brought to the Board for final approval in March. She provided a brief review of the report.

Paul provided information from the 2012 Community Assessment Update. He discussed the strengths and challenges in several categories, including demographics, internal data, health, nutrition, medical/dental, mental health, education, economy, housing, transportation, disabilities, child care, and community partners. Good news...crime is down in Cowlitz County.

Suzanne provided a summary of the Outcomes Report for Fall 2011 for the programs, including development in these categories: social/emotional, physical, language, cognitive, literacy and math. She also reviewed the strategies for 2011-12.

Sandy gave a brief snapshot of the next steps, which include revising the strategic plan, reviewing/revising selection criteria, and writing and submitting grants.

6C. **Quarterly Budget Status Report** – Nolan Wheeler referred to the written report. The Board had no questions.

7. **PUBLIC COMMENT** – None

8. **BOARD WORKSHOP: Planning Session**

8A. **Enrollment Management Initiatives** – President Bailey explained that the current trend of extreme over-enrollments will not continue, but the current level of reduced funding likely will, so it was critical to develop initiatives that would help stabilize enrollments. He rolled out a draft of ten enrollment initiatives that the Cabinet had been working on for the past six months. Our current accreditation core themes focus on student completion and success, and the enrollment initiatives were developed in support of that focus.

8B. **Review Outcomes for 2011 and Planning for 2013, and Review Annual Priorities for 2012-13** - President Bailey presented a 5-year history of LCC’s core indicators effectiveness, which will replace the previous review matrix document. Additionally, the recommended annual priorities will follow the same core themes as those in the accreditation standards and outcomes. After review and discussion, the Board agreed with the proposed annual priorities, which will be brought back to them in July for final approval.

Core Themes: The Board asked to have Core Theme III amended to read, “Student Access, Support, and Completion.”
